

Product description

Item number	XDAC56RT
EAN	0728434555063
Product name	PORTABLE EVAPORATIVE COOLER
Characteristics	<p>3 IN 1 EVAPORATIVE COOLER WITH 6 LITERS TANK 6 LITERS OSCILLATION 3 SPEED 7 HOUR TIMER REMOTE CONTROL</p> <p>The compact design takes up minimal space. Saves energy without the need for ventilation. Ideal for environments that cannot be traditionally air conditioned. 3 fan speeds: Low, Medium and High, allowing selection between maximum cooling and silent operation. Oscillation function for better air distribution. Directional fins that allow for localized cooling. Honeycomb filter to improve cooling performance and air cleaning. Easy to use digital control panel. Smart remote control. Handle and 4 wheels for great mobility. Powerful airflow with auto-oscillation for rapid cooling</p> <p>Easy-to-fill tank and icebox Overheat protection Remote control and 2 ice blocks included</p>
Technical data	<p>3 speeds Water tank capacity: 6 liters Air circulation: 216m³/h Remote control (1 3V CR2025 button battery, not included) Timer up to 7 hours 90° oscillation Honeycomb air filter Acoustic emission: 56.6dB Power supply: 220 -240V~ 50-60Hz Power: 65W max</p>
Cable length	150cm
Dimension	23.5x26x56.5 cm
Weight	3.8kg
Color	white
